English schools athletes

The club is delighted to announce that 4 of our young athletes have been selected to compete in this year's prestigious English schools competition.

This brings together the best young athletes from across the country and is a real achievement in itself just to arrive on the day.

We wish Rachel Robinson in the 3000m, Sophie Croft in the 4 x 100m relay, Ashley Wren in the long jump and Emma Simpson in the shot putt all of our best wishes and congratulations on the hard work you have put in.

Non payment of training fees

It is extremely disappointing that despite several reminders some of our athletes are being dishonest and not paying their nightly subs. We are not a charity and need all the money we can get just to stay in existence.

It is regretful that the committee have decided that final warnings will be given to persistent non-payers. If no improvements are made, then individuals will be suspended from the club for a month.

Please pay your subs

Wally Mcleish open meeting Scunthorpe

Our popular open meeting on August Bank holiday Monday is an excellent event for all club athletes.

We attract lots of competitors from around the region and it is always a really good day. Entry form will be out very soon and is available at the web address at the bottom of this article.

Scunthorpe athletes are asked to enter early to assist in the organisation.

Any assistance however small from parents would be greatly appreciated on the day.
